

# PayCore Instant and Mass Issuing

SINGLE PLATFORM, MULTIPLE CARD VENDORS

## SINGLE PLATFORM SUPPORTS VARIOUS PRINTING MACHINES AND CARD PRODUCTS

### SINGLE SOLUTION FOR INSTANT AND MASS ISSUING

Single installation of data preparation and key management solution can be used for both instant and mass card personalization. Using same card profiles and keys provides lower development and test times, meaning shorter time to market.

### ONE STOP SHOP FOR PERSONALIZATION

Provides complete solutions for components like: Card Personalization, Card Stock Management, Payment Card Application, Printer Devices, Hardware Security Module, Cryptographic Firmware, Plastic Cards and Quality Assurance Tools. Personalization profile (CPV and VPA) consultancy is also provided.

### VARIETY OF CARDS AND PRINTING MACHINES

Different card plastics, chip vendors and card personalization machines are supported in the same platform simultaneously.

### NO PIN NEEDED DURING CARD ISSUING

Transferring the old PIN to a new card during card renewals, assignment of default PIN during instant and mass personalization, and PIN entry using PIN-PAD during in-branch card issuing are some of the methods of managing the PIN on the chip.

## 20 YEARS OF EXPERIENCE, 6,500+ CARD PROFILES, 25M+ CARDS/YEAR, 70+ BANKS AND 8 SERVICE PROVIDERS

### INTERNATIONAL AND LOCAL SCHEMES

Supports personalization of Visa, MasterCard, American Express, Discover and UPI cards as well as local schemes. Additionally, credit, debit, prepaid, and multi-application card types are also supported.

### COMPLETE SECURITY, PCI DSS COMPLIANT

Sensitive cardholder data is never exposed, nor is it stored, processed or transmitted in clear form. Complete security and end-to-end encryption are provided from the solution back end to the card printing machine and chip.

### EMBRACES MASSIVE WORKLOAD

Horizontal and vertical growth with multiple HSM support and Active - Active Data Preparation structure. Flexible infrastructure allows institutions to issue from 1 to 3 million cards per day.

### 20 YEARS OF EXPERIENCE IN EMV

Complete vision and expertise in EMV, including card personalization, terminal and chip card kernels, chip card life cycle management, training, and consultancy. Trusted partner of global Payment Service Providers.
